Supplemental Data for *The Budget and Economic Outlook: 2021 to 2031*

Baseline Projections

Temporary Assistance for Needy Families

Temporary Assistance for Needy Families is a federal block grant program that provides funding to states to create and administer assistance programs for needy families. States can use the grants to provide cash assistance, work support, and other services to low-income families with children, but they also must spend a certain amount of their own funds on related activities.
