a. Some budget authority provided in the Healthcare and Education Reconciliation Act of 2010; the Department of Defense and Full-Year Continuing Resolution Appropriations Act of 2011; the Budget Control Act of 2011; and the Consolidated Appropriations Act, 2012 are classified as mandatory. However, the budget authority is used to augment the funding provided in annual appropriations for the discretionary Pell grant program.

b. The cumulative shortfall or surplus in budget authority is calculated under the Pell scoring rule, as given in section 406 of the 2006 Budget Resolution (H. Con. Res. 95).

c. Mandatory budget authority available to supplement funding for the discretionary portion of the Pell Grant Program. Provided in section 401(b)7(A)(iv) of the Higher Education Act of 1965.

d. Estimated budget authority needed to support a maximum award level of \$4,860 under the Pell scoring rule, as in section 406 of the 2006 Budget Resolution (H. Con. Res. 95)

a. The maximum award level for the discretionary portion of the Pell Grant Program is set each year in the annual appropriations act. In the most recently enacted appropriations act, it was set at \$4,860.

b. The additional mandatory award level assumes a maximum discretionary award level of \$4,860 in fiscal years 2016 to 2025. If an annual appropriations act set the discretionary award level at a different amount, the mandatory award level would also change. The amount of the mandatory add-on for 2015 is based on the total published by the Department of Education in the Federal Register on January, 2015.
