

## CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

March 21, 2007

### **S. 368**

### **COPS Improvements Act of 2007**

*As ordered reported by the Senate Committee on the Judiciary on March 15, 2007*

#### **SUMMARY**

S. 368 would make many changes to the laws relating to the distribution and permitted uses of Community Oriented Policing Services (COPS) grants and would increase the authorization level for this program from \$1.047 billion annually to \$1.15 billion annually through fiscal year 2009. CBO estimates that implementing S. 368 would cost \$190 million over the 2007-2012 period, assuming appropriation of the authorized amounts. Enacting the bill would not affect direct spending or receipts.

S. 368 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would impose no costs on state, local, or tribal governments.

#### **ESTIMATED COST TO THE FEDERAL GOVERNMENT**

The estimated budgetary impact of S. 368 is shown in the following table. For this estimate, CBO assumes that the authorized amounts will be appropriated by the beginning of each fiscal year and that outlays will follow the historical spending rates for these activities. We also assume that there will be no additional appropriations enacted for fiscal year 2007 for the COPS program. The cost of this legislation falls within budget function 750 (administration of justice).

a. The 2007 level is the amount appropriated for that year for COPS grants. The levels shown for 2008 and 2009 are the amounts authorized by current law.

## INTERGOVERNMENTAL AND PRIVATE-SECTOR IMPACT

S. 368 contains no intergovernmental or private-sector mandates as defined in UMRA and would impose no costs on state, local, or tribal governments. It would make several changes to a program for those governments to buy equipment, use law enforcement technology, and hire more police officers. It would also increase the authorization level for fiscal years 2008 and 2009. Assuming the appropriation of authorized amounts, those governments would receive additional funding of nearly \$200 million over the 2008-2012 period. Any costs to those governments would be incurred voluntarily as a condition of receiving federal assistance.
