

**CONGRESSIONAL BUDGET OFFICE  
COST ESTIMATE**

March 4, 2008

**S. 86  
Fossil Creek Wild and Scenic River Act of 2007**

*As ordered reported by the Senate Committee on Energy and Natural Resources  
on January 30, 2008*

S. 86 would designate about 17 miles of Fossil Creek, in Arizona, as a wild or recreational river. The bill also would authorize the Arizona Public Service Company to decommission river projects and conduct restoration activities along Fossil Creek.

Assuming the availability of appropriated funds, CBO estimates that it would cost less than \$1 million over the 2009-2013 period to carry out the activities authorized by the bill. Enacting this legislation would not affect direct spending or revenues.

S. 86 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Tyler Kruzich. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
