SOURCES: Congressional Budget Office; Office of Management and Budget.

NOTES: These are rates that CBO and OMB have used to estimate outlays from regular appropriations requested for defense programs in the 2011 budget. For rates applicable to appropriations requested for overseas contingency operations, see Table 5.

DoD = Department of Defense; FBI = Federal Bureau of Investigation; FEMA = Federal Emergency Management Agency;  
NATO = North Atlantic Treaty Organization; NSF = National Science Foundation; S&E = Salaries and Expenses;  
n.a. = not applicable.

- OMB carries a single blended set of rates for this account while CBO uses separate rates for certain portions of the account.
- OMB assumes that DoD's use of general transfer authority will have no net effect on outlays. As a result, OMB does not estimate outlay rates for that account.

NOTES: DoD = Department of Defense; n.a. = not applicable.

These are rates that CBO and OMB have used to estimate outlays from 2011 appropriations requested for overseas contingency operations. For rates applicable to regular appropriations requested for defense programs, see Tables 1 and 3.

a. OMB assumes that DoD's use of general transfer authority will have no net effect on outlays. As a result, OMB does not estimate outlay rates for that account.
