

**CONGRESSIONAL BUDGET OFFICE  
COST ESTIMATE**

October 1, 2014

**H.R. 3226**  
**A bill to remove from the John H. Chafee Coastal Barrier  
Resources System certain properties in South Carolina**

*As ordered reported by the House Committee on Natural Resources  
on September 18, 2014*

H.R. 3226 would update a map for a portion of the Coastal Barrier Resources System (CBRS) in Horry County, South Carolina. The new map would remove about 20 acres of land from the CBRS. None of the affected lands contain structures that would become eligible for federal flood insurance if the CBRS boundaries were modified under the bill.

Based on information from the U.S. Fish and Wildlife Service, CBO estimates that implementing the legislation would have no significant effect on the federal budget. Because H.R. 3226 would not affect direct spending or revenues, pay-as-you-go procedures do not apply.

H.R. 3226 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Jeff LaFave. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
