**H.R. 930  
New Philadelphia, Illinois, Study Act**

*As ordered reported by the House Committee on Natural Resources on July 31, 2013*

H.R. 930 would direct the Secretary of the Interior to conduct a study of the New Philadelphia archaeological site in Illinois to evaluate the national significance of the area and to determine the feasibility of designating the site as a unit of the National Park System. Based on information provided by the National Park Service and assuming the availability of appropriated funds, CBO estimates that conducting the study would cost about \$250,000 over the next three years. Enacting H.R. 930 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

H.R. 930 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Martin von Gnechten. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
